

MAHI- MAHI

Coryphaena hippurus

Product of Peru.

Longline caught - FAO 87

Mahi-mahi portions have a mild and sweet flavor. The lean meat is fairly firm in texture, high in protein and an excellent source of Vitamin B, selenium and Omega-3s.

4, 6, 8 and 10 oz Portions
Private label available

PERU MAHI-MAHI FISHERY IMPROVEMENT PROJECT (FIP)

Since 2016, our company has signed a Memorandum of Understanding (MOU) with the World Wildlife Fund (WWF) to help fund FIP activities in Peru. In addition, we are working directly with the fishing cooperative to incentivize their participation by paying a premium to the fishermen for their product.

SOCIAL RESPONSIBILITY

The premium received by the fishermen has been used to fund much needed projects within their community such as improving school classrooms, access to healthcare, and at-sea safety equipment.

We have been working with the local leaders to secure additional funding to continue supporting improvements in their community.

YELLOWFIN TUNA

Thunnus albacares

Handline caught - FAO 71

Green rated - Best Choice
