2022 was definitely a year of growth post-pandemic. As we wrap up 2022, what are y'all celebrating? We are happy to say that we have a lot to be thankful for this year:

- Received the Environmental Leadership Award by Center for Rural Affairs.
- Worked with three new companies to improve their responsible seafood sourcing and pass MSC/ASC Chain of Custody audits.
- Our founder joined the Global Sustainable Seafood Initiative (GSSI) Steering Board as well as the Global Dialogue on Seafood Traceability (GDST) Supervisory Board for her work at Iberostar Hotels.

This 2023, we are looking forward to strengthening our knowledge on how to calculate greenhouse emissions and help our partners develop their own Climate Strategy as well as continue to build their internal capacity to address human rights due diligence in their supply chains. With gratitude for an opportunity to continue to positively serve our clients and community.

With badassery and love,
- The Seafood Ninja family
